Ramavath Tharun

Hyderabad (Telangana)
+91 7671079198 ramavaththarun73@gmail.com LinkedIn GitHub

Technical Skills

Data Analysis & Visualization: SQL, Advanced Excel, Exploratory Data Analysis (EDA), Data Validation, Data Cleaning, Data Quality Assessment, KPI Tracking, Data Visualization
Product Analytics: Funnel Analysis, Retention Analysis, RCA, A/B Testing, Hypothesis Testing, Customer Segmentation, Business Metrics
Programming: Python, R, SQL
Frameworks & Libraries: Pandas, NumPy, Matplotlib, Scikit-Learn, TensorFlow, PyTorch, FastAPI, Flask

Experience

Solutions Analyst **July 2025 - Present**
Nucleus Software Exports Ltd. *Noida*

- Contributed to the **end-to-end development of CPV and LEAD workflows** for a lending platform by translating business requirements into **API requirements, functional specifications, user stories**.
- Collaborated with **Product Owners, Developers, QA teams, and stakeholders** in an Agile environment to define **BRs, data flows, API integrations**, and deliver solutions aligned with business objectives.
- Analyzed lending workflows using **SQL and Excel** to identify bottlenecks, manual touchpoints, and process inefficiencies, enabling **data-driven process improvements**.
- Created **process flows, workflow documentation, traceability matrices, and ATDD scenarios** to support solution design, requirement traceability, test automation, and process standardization.

BS Thesis **Dec 2024- Jun 2025**
*Identify the Potential of Ginger for Arthritis Treatment in Literature using **LLM*** *IISER Bhopal*

- Designed and Executed an advanced **NLP and Machine Learning** tool to identify Indian herbs with potential efficacy against migraines, leveraging research articles for comprehensive **biomedical analysis**
- Built an interactive **AI**-powered web application using **Gradio and FastAPI**, enabling users to upload PDF files and extract structured biomedical information using **BERT**-based weights and sentence highlighting.

Summer Researcher Fellow **May 2024 – July 2024**
Underwater AI Lab *IIT Jammu*

- Collaborated on underwater video analysis, developing a **YOLOv5 deep learning pipeline** to detect and track fish in challenging aquatic environments.

Data Analyst Researcher **May 2023 – Nov 2023**
System and Informatics Lab *IISER Bhopal*

- Conducted **data analysis and ML modeling** on social anxiety across college batches using **SVM, Logistic Regression, and KNN**, identifying year-wise differences and achieving strong assessment performance.

Education

Indian Institute of Science Education and Research, Bhopal **2021 – 2025**
BS Data Science and Engineering

Sri Chaitanya Junior College **2019 – 2021**
State Board of Intermediate Education, Telangana *Percentage: 97%*

Bhashayam Blooms **2019**
Telangana Board of Secondary Education, Telangana *CGPA: 9.7*

Projects

- Developed a **3D urban scene generation pipeline** using **layout priors**, validating results on IISER Bhopal's 3D structure datasets.
- Enforced **semi-supervised domain adaptation** to improve **deep learning** model generalization on unseen data.
- Applied **contrastive boundary learning** for **point cloud segmentation**, enhancing accuracy near object edges using **geometric priors** and **neighborhood features**.

Achievements

- **Certificate of Sports Excellence** 2026
- **GATE DA, AIR - 2%** Nationally 2025
- **IISER Aptitude Test**, Top **10%** in India 2021
- **Gold Medal in kabaddi IISM**
